

WHIDBEY ISLAND GENEALOGICAL SEARCHERS

OAK HARBOR, WASHINGTON

PRESENTS Jennifer Johnson Roberts

"Discovering the Many Resources and Assets of the Daughters of the American Revolution (DAR)"

Do you have a Patriot in your family history that fought for and/or supported the American Revolution? DAR is a women's service organization dedicated to promoting historic preservation, education, patriotism and honoring the patriots of the Revolutionary War.

Although a newer member of DAR, Jennifer Roberts will share DAR's mission and many genealogical resources from the DAR Library, as well as telling her story of membership. She became a Daughter to honor her grandmother, a strong supporter of DAR.

All are invited to join us for this free educational program.
