FIND YOUR ANCESTORS

An In-Person Workshop

Whidbey Island Genealogical Searchers (WIGS) will hold a workshop meeting to help all interested people “Find Your Ancestors.” If you want to get started in the popular hobby of genealogy, members of WIGS would like to help you. If you have been working on your genealogy and family history and have encountered problems or brick walls, we would like to help you also.

If you are an experienced genealogist and don't need help, please come and help others.

If you want to get started researching your ancestors, bring names and birth and/or death dates of parents and/or grandparents and other information you may have.

If you are already working on your genealogy and would like help, bring your research to this meeting and let's see if we can help you further your research.

This workshop meeting will be an opportunity to start finding your ancestors or to further your research. Bring your family names and/or genealogy to the meeting and if desired, a laptop, tablet, digital device, or paper and pencil.
